Royal Commission for Jubail & Yanbu

The Regulatory Bylaws for Academic and Educational Affairs and Their Organizational Rules and Regulations for the Colleges and Institutes of the Royal Commission for Jubail and Yanbu

CHAPTER ONE: Definitions, Objectives, and Scope

ARTICLE 1 :

The following terms and expressions shall have the meaning set forth opposite them, unless context otherwise requires:

- College/Institute: Colleges and institutes of the Royal Commission at Jubail and Yanbu (RCJY)
- Supreme Council: Supreme Council of RCJY colleges and institutes.
- Academic Council: The academic council of colleges and institutes oversees their operations in each RCJY city.
- College/Institute Council: A council tasked with managing academic affairs at the college/institute.
- Student: Each male/female student, regardless of their educational levels enrolled in a college/institute.
- Educational Phase: The education level beyond high school, which herein includes associate diploma, intermediate diploma, and bachelor's degree.
- Academic year: One academic year, or two academic semesters plus one summer term -if any.
- Academic System: The method of study adopted by RCJY colleges and institutes, whether based on semesters or a complete academic year
- Semester: A period of no less than fifteen weeks, excluding final examination periods
- Full Academic Year: A period of no less than thirty weeks, excluding the final examination period
- Summer Semester: A period of no less than six weeks, excluding the final examination periods. During this term, the duration allocated to each course is doubled and is not counted toward the regular study duration.
- Academic Plan: A set of compulsory, elective, and free courses whose total credit hours constitute the graduation requirements. The student must pass these courses to obtain the academic degree in the specified major.
- Course: A compulsory, elective, or free subject within each program's study plan that has specialized content. It is identified by a number, code, and description of its content, and is affiliated with a college, institute, or academic department. It is taught over a specified period and may be offered independently or linked to a prerequisite or a corequisite.
- Course Activities: The various learning or training activities, such as lectures, exercises, laboratories, field training activities, and others, in accordance with the relevant regulations and guidelines.

- Study Unit: The weekly lecture or tutorials, or seminars of at least 50 minutes. Or a weekly practical unit of at least 100 and no more than 150 minutes. Or project or research units, with the number of hours allocated according to the approved academic plan and completed during the weeks of the semester or summer term.
- Education Modes: The different learning modes, such as in-person, integrated learning, distance learning, electronic learning, self-learning, and others
- Coursework Score: Scores awarded for coursework during a term or a full academic year -if applicable- including exams, research, and other assessments related to the course
- Final Exam: An exam on the course content held once at the end of a course in each level, academic semester, summer term, or full academic year
- Final Exam Score: A Score earned by a student in the final exam for a course
- Total Score: A sum of the scores of coursework and final exam for each academic course, calculated out of 100
- Academic Record: A detailed statement that includes the student's assigned majors and tracks, all courses the student has taken, been granted equivalency for, or been exempted from, along with the grades obtained. It also includes both the semester and cumulative grade point averages.
- Graduation Certificate: A certificate awarded by the college/institute upon the student's successful completion of all program requirements. It specifies the major and minor (if any), the academic degree, the student's overall grade, and the cumulative GPA.
- Grade: A description of the percentage, or the alphabetical code representing the final score, that a student achieves in a course
- Incomplete Grade: A grade recorded for any course where a student is unable to complete its requirements on time, appears in the academic transcript with the symbol(IC)
- In-Progress Grade: A grade recorded for any course that extends beyond one term to complete, appears in the academic transcript with the symbol(IP)
- Audit Grade: A grade recorded to a student when they enroll in a course without it being counted towards the required credit units or in the cumulative GPA, as specified in these regulations, and appears in the academic transcript with the symbol (AU)

- Exempt Grade: A grade recorded for a student who has been exempted from studying one or more courses in accordance with these regulations. It is represented by the symbol (E).
- Denial Grade: A grade recorded if a student's absence percentage exceeds 20% of total semester hours, including cooperative training courses, and appears in the academic transcript with the symbol (DN).
- No grade-Pass Grade: A grade recorded for a student who passes certain courses that are evaluated on a pass/fail basis only. It is represented by the symbol (NP).
- No grade-Fail Grade: A grade recorded for a student who fails certain courses that are evaluated on a pass/fail basis only. It is represented by the symbol (NF).
- Granted Grade: A grade recorded for a student who is exempted from studying a course after achieving the required score in a placement or proficiency test conducted by the college/institute. It is represented by the symbol (G).
- Withdrawal Grade: A grade recorded for a student who withdraws from one or more courses without receiving a mark. It is represented by the symbol (W).
- Semester GPA: It is the quotient obtained by dividing the total quality points earned by the student by the total credit hours of all courses taken during a given semester or an entire academic year. The quality points are calculated by multiplying each course's credit hours by the grade weight the student earned in that course.
- Cumulative GPA: It is the quotient obtained by dividing the total of points that the student earned in all courses they have completed since enrolling at the college/institute by the total of credit units specified for those courses
- Overall Grade: A description of a student's academic performance during their study at the college/institute, according to their cumulative GPA
- Course Load: The total number of academic units in which a student enrolls in a term or a full academic year
- Final Exams Period: A time period with specific beginning and end dates set in the academic calendar approved by the Supreme Council or its delegate thereon.
- Freshman Student: A student admitted to the preparatory/basic skills year
- Regular Student: A student who is allowed to enroll in courses in a semester or academic year

- Withdrawn Student: A student whose excuse to discontinue enrollment from all registered courses for a semester or an academic year has been officially approved.
- Deferred Student: A student who has obtained approval to postpone studying for an upcoming semester or academic year.
- Enrolled Student: A student who is actively registered in the college/institute, including students who are withdrawn, deferred, or visiting
- Visiting Student: A student from another university who studies certain courses at the college/institute, or a college/institute student who studies certain courses at another university for a specified period of time.
- Terminated Student: A student terminated before completing the program for one of the causes stated in these regulations.
- Academically Dismissed Student: A student whose enrollment is terminated and whose registration is officially withdrawn from the college/institute.
- Disciplinary Dismissed Student: A student who is permanently expelled from college/institute due to a disciplinary decision issued by the relevant authority or as specified in RCJY colleges & institutes student conduct and disciplinary regulations.
- Withdrawn Student: A student whose request to terminate his studies at the college or institute before completing his academic program has been approved.
- Dropout Student: A student who discontinues their study at a college/institute before completing their academic program.
- Academic Warning: A notice that appears in the student's academic record due to the cumulative GPA falling below the minimum limit specified in these regulations.
- Statutory duration of program: The specified time period required to complete the graduation requirements for an academic program, according to the number of years or semesters stated in the approved study plan for the program. This includes semesters in which the student withdrew or transferred, as stipulated in these regulations, but excludes semesters of postponement, interruption, the summer semester, and the preparatory year.
- Maximum period of Program: The maximum time period allowed for a student to complete the graduation requirements, calculated by adding half of the standard duration to the program's specified period.
- Preparatory Year: a program of two main academic semesters, in which a student takes general courses such as English language,

Mathematics...etc, in addition to others approved by the College. Passing the preparatory year requirements is mandatory to enroll in the specialized program, and these requirements will not be counted in the program's statutory period, nor will earned grades be counted in the GPA.

- Basic Skills Year: a program comprising two main semesters, in which a student shall take general courses such as English language, Mathematics, etc., in addition to others approved by the institute. It aims to prepare students for their academic studies at the institute; they must successfully complete these courses during the statutory period to enroll in the institute's specialized programs. Basic skills year courses are calculated in the GPA, excluding English language courses, for which a grade will be recorded in the academic record but will not be calculated in the GPA.
- Prerequisite: A condition that must be met before registering for a particular course. This may include successfully passing one or more courses or a specified number of units.
- Corequisite: A requirement that must be fulfilled concurrently with the registration of a specific course, and it may include the simultaneous enrollment in one or more courses.
- Automated Registration: Electronic registration of a regular student in the available courses according to their academic plan, completed before the beginning of the academic semester.
- Equivalency: A process by which a student is considered to have passed a course included in their study plan that they have not previously taken, provided that they have successfully completed another course---either within or outside the college/institute---that is deemed equivalent or equating to the required course, in accordance with the regulations stipulated in this bylaw.
- Excellence List: A reward and/or honor to praise the academic excellence of the undergraduate student, issued at the end of each academic semester.
- Non-degree course study program: An educational program that allows others to study one or more college/institute courses without being regular students, to enable them to obtain educational and knowledge experiences in the areas of their needs and interests
- Cooperative Training: A course jointly offered by the college/institute and employment organizations, aimed at providing the student with practical experience in a real work environment before graduation. It enables the student to apply the theoretical knowledge acquired during

academic study, and the training period must be at least 12 academic weeks.

- Graduation Project: A research or practical course that some students are required to complete at the college/institute according to their specializations, either theoretically or practically, within the necessary standards and guidelines they have been trained on.
- Flexible Tracks System: Educational and training pathways that include entry and exit points across all educational levels and age groups. They strengthen the connections between different modes of learning and enable the recognition of knowledge, skills, and competencies acquired through various forms of education to obtain academic qualifications through college and institute programs (both paid and unpaid).
- Study continuation program (Bridging): A program that allows students with a diploma degree in some majors to complete their studies to obtain a higher degree in a major related to the major studied in the diploma degree
- Exit points: An available option in the flexible tracks programs, and considered a point at which a student may request to stop from completing the entire academic program and acquire a degree lower than the final grade; provided that all academic requirements are met for such a point in accordance with the approved program.
- Shared Tracks: those which academic plans include shared courses; and can therefore be equivalized in case of change of major from one track to another.
- External Scholarship (International): An academic seat that entails admission and any subsequent benefits -if applicable- awarded to a non-Saudi (international) student who holds a high school diploma or its equivalent from inside or outside the Kingdom of Saudi Arabia, enabling them to pursue studies in it.
- Internal Scholarship: It is the study seat and its accompanying benefits---if any---granted to a non-Saudi student who has obtained a high school certificate or its equivalent from inside or outside the Kingdom of Saudi Arabia and resides in the Kingdom with a valid residency permit, to study within Saudi Arabia.
- Interdisciplinary Program: A program in which more than one major participates in specific learning outcomes that cannot be achieved through a single major
- Academic Excellence Program: A program based on the student's core program with additional learning outcomes and high requirements that correspond to the capabilities and abilities of distinguished students enrolled in the program

- Other major: A second main major pursued by the student at the college/institute or at another college/institute in addition to their main major. The educational institution determines the requirements for the second major, which must constitute between 30% and 60% of the main major requirements. The college/institute general requirements are not included in this percentage, and the second major must be recorded in the student's academic transcript.
- Minor: A supporting field of study outside the main major that the student pursues at the college/institute or at another college/institute. The number of credit hours for the minor must be no less than 25% and no more than 30% of the main major requirements. The minor specialization must be recorded in the student's academic transcript and included in the qualification title.

ARTICLE 2:
This regulation shall be implemented in a manner that does not conflict with the Royal Commission for Jubail and Yanbu's rules and regulations.

ARTICLE 3:
The purpose of these regulations is to establish the general frameworks and principles governing academic student affairs and admission programs at RCJY colleges and institutes for undergraduate studies, in alignment with global best practices, ensuring that RCJY colleges and institutes become leaders in higher education, regionally and internationally, beyond the secondary educational level.

ARTICLE 4:
The provisions of this regulation shall apply to the programs and students of the colleges and institutes of the Royal Commission for Jubail and Yanbu, and to those enrolled therein, unless otherwise stated.

Chapter Two: Academic Plans and Systems

ARTICLE 5:
The colleges and institutes of the Royal Commission for Jubail and Yanbu develop their academic programs in accordance with the highest standards of quality and academic accreditation, in line with national development requirements and labor market needs, and aligned with best practices at local and international universities.

ARTICLE 6:

RCJY colleges and institutes shall adhere to the following when approving its academic programs:

1- The Unified Saudi Classification of Educational Levels and Specializations, issued under Decision No. 75, dated 27/1/1442H, and its subsequent amendments thereto.

2- The National Qualifications Framework (Second Edition) in the Kingdom of Saudi Arabia, issued under the decision of the Education and Training Evaluation Commission's Board no. 1/1/c11d2 in its eleventh meeting of the second cycle, dated 6/9/1444H, and any subsequent amendments thereto.

ARTICLE 7:

The Academic Council shall approve procedures for preparing and approving academic programs, in accordance with Articles 5 and 6.

ARTICLE 8:

Subject to the provisions of Article 1, the Academic system at the college/institute is based on two semesters and an optional intensive elective summer semester with doubled contact hours. For certain departments, the academic system may be based on a full academic year, as specified in these Regulations, with the term "academic year" replacing "semester" wherever applicable. The Supreme Council or its delegate may exempt from such provision.

ARTICLE 9:

The Supreme Council, or its delegate, shall approve the academic calendar for each year, based on recommendations from the Academic Council.

ARTICLE 10:

Specific academic programs may have independent academic systems and academic calendars as required by the nature of the program, subject to approval by the Supreme Council or its delegate.

ARTICLE 11:

Students must adhere to the academic plan and academic system approved by the Supreme Council or its delegate.

ARTICLE 12:

The study plan may include courses offered through modes of learning other than traditional in-person education. The Supreme Council, or its delegate, shall determine the regulations and conditions for this, based on the recommendations of the Academic Council.

ARTICLE 13:
The Supreme Council --- or its delegate --- shall approve, upon the recommendation of the Academic Council, the regulations governing part-time study, as well as the available academic programs and the rules and conditions for admission to them.

ARTICLE 14:
The Supreme Council, acting upon the recommendations of the Academic Council and in accordance with Articles 6 and 7, sets guidelines and conditions for preparing academic plans and admission for the following programs:
1- Joint Programs with domestic or foreign educational institutions.
2- Flexible tracks system.
3- Major and Minor Specializations.
4- Interdisciplinary Programs.
5- Academic excellence programs.
6- Hosting academic programs (all academic degrees offered by approved domestic or foreign educational institutions).

Chapter Three: Admission Affairs
Section One: Admission of New Students

ARTICLE 15:
The General Manager of Directorate General of Education shall form and preside a committee tasked with admission process supervision in each RCJY city and announce results; its assigned tasks include following:
1- Coordination and communication with internal and external entities regarding admission processes and policies.
2- Making decisions regarding applicants encountering admission difficulties.
3- Prepare reports and record admission related comments.
4- Organize admission procedures of Saudi and non-Saudi (international) students.
5- Follow up and process application requests through electronic admission portal.
6- Sort applicant requests and distribute seats to accepted students according to admission terms and provisions.
The Supreme Council --- or its delegate--- shall, based on the recommendation of the Academic Council, determine the criteria, conditions, and regulations for student admission and the available academic programs, in accordance with the policies and strategies approved by the Higher Council for admission to the academic programs of the college/institute.

ARTICLE 16:
In compliance with the regulations and policies issued by the Supreme Council regarding international student admissions, and upon the recommendations from the Academic Council, the Supreme Council shall determine the available academic programs, standards, and admission criteria for new international students, as well as the recommended annual admission numbers for the undergraduate level, according to the following:
1- Admission to the External Scholarship Program.
2- Admission to the Internal Scholarship Program.

ARTICLE 17:
The Supreme Council, based on the recommendation of the Academic Council, shall determine the regulations, conditions, and mechanisms for the admission of Saudi and non-Saudi students, whether from inside or outside the Kingdom, on a tuition-fee basis.

ARTICLE 18:
In accordance with the admission policies and strategies approved by the Supreme Council for academic programs at colleges and institutes, a student holding a diploma (or its equivalent) may be admitted to a bridging program to obtain a higher degree. The Supreme Council --- based on the recommendation of the Academic Council --- shall determine the available academic programs, admission regulations, conditions, mechanisms, and the courses eligible for equivalency within the bridging program, as well as the number of students who may be admitted each academic year. Such programs may also be offered on a tuition-fee basis, as approved by the Supreme Council upon the recommendation of the Academic Council.

Section Two: Transfer and Visiting Students

ARTICLE 19:
A student may be accepted for transfer from outside the colleges and institutes in accordance with the regulations, conditions, and mechanisms approved by the Supreme Council or its delegate --- based on the recommendation of the Academic Council --- for each academic year. A student transferred from outside the college/institute may have previously completed courses recognized for equivalency, in accordance with Article 36 of these Regulations. Such transfers may also be subject to tuition fees, as approved by the Supreme Council upon the recommendation of the Academic Council.

ARTICLE 20:
A visiting student from outside the colleges and institutes of the Royal Commission may be accepted, provided that they have obtained approval from their home university to study one or more courses at the college/institute. This shall be in accordance with the regulations, conditions, and mechanisms approved by the Supreme Council --- or its delegate --- for each academic year. Such enrollment may also be subject to tuition fees, as approved by the Supreme Council based on the recommendation of the Academic Council.

Section Three: Specialized Admission Programs

ARTICLE 21:
A student may be admitted to a non-degree course program for a tuition fee, in accordance with the regulations, conditions, and mechanisms approved by the Supreme Council --- based on the recommendation of the Academic Council --- for each academic year.

ARTICLE 22:
In accordance with the admission policies and strategies approved by the Supreme Council for college/institute academic programs, the Supreme Council --- based on the recommendation of the Academic Council --- shall approve the regulations, conditions, and mechanisms for attracting talented, distinguished, creative, and innovative students in their respective fields of excellence.

Chapter Four: Academic Affairs
Section Four: Academic Enrollment

ARTICLE 23:
1. A student enrolled in courses during a term is considered a regular student and is entitled to all rights and privileges.
2. A student who is not enrolled in courses during a term is considered a registered student but may lose some privileges in the following cases:

a- The student is suspended from registration due to academic, disciplinary, or administrative reasons.
b- The student has requested a withdrawal or deferment.

ARTICLE 24:
A regular student has the right to register, add, or drop courses within the approved academic plan of their program during the period specified in the

academic calendar, provided that the minimum study load requirement is met, in accordance with the following:

1- The minimum academic load for a student in a regular semester shall be twelve (12) credit units, and the maximum shall be twenty-one (21) credit units, in accordance with the student's cumulative GPA. During the summer semester, the academic load shall not exceed nine (9) credit units and must not conflict with the student's academic plan.

The Managing Director of the College/Institute may approve an increase in the maximum academic load for a prospective graduate student up to twenty-four (24) credit units in a regular semester and up to twelve (12) credit units in the summer semester.

2- The maximum academic load for a student under academic probation shall be twelve (12) credit units, and the Managing Director of the College/Institute may approve an increase up to a maximum of fourteen (14) credit units.

3- Subject to the provisions of paragraph (1) of this article, the regular student shall be registered automatically, in accordance with the regulations determined by the College/Institute Council, unless the student is suspended from registration.

4- Students may modify their registration (add, drop, or change sections) within the designated registration period in accordance with the guidelines set by the college/institute council for each term.

5- Subject to such included in the provisions of this Article, each concerned academic department shall handle student registration issues within the specified registration period.

6- The Managing Director of the College/Institute, or their delegate, may, based on the recommendation of the Head of the relevant Academic Department, determine alternative courses for the student in cases where the courses included in the academic plan cannot be offered, provided that the alternative courses are equivalent or equating to those listed in the student's academic plan.

ARTICLE 25:

1. The student is required to attend the scheduled class hours of the course---either in person or virtually---and to participate in all course activities in accordance with the modes of instruction specified in the approved course description within the academic plan. A student shall receive a grade of or (DN) if their attendance falls below 80% of the total contact hours for the course. Absences resulting from participation in officially approved student activities may be excused, provided that prior approval is obtained from the Deputy Managing Director for Student Affairs. However, such absences shall not exceed 30% of the total

contact hours for the course. The Committee for Academic Student Cases may recommend an exception to this limit.

2. The College/Institute Deputy Managing Director for Academic and Training Affairs is responsible for accepting excuses from students for taking examinations or sitting for alternative examinations.
3. A female student is granted maternity leave for a period of fifteen (15) days, which is not counted toward the allowable absence percentage.

ARTICLE 26:

A committee titled "Committee for the Study of Students' Academic Cases" shall be formed in each city. This committee shall review students' academic cases and submit its recommendations to the General Director of Directorate General of Education for approval, as required under the provisions of this regulation, in the following cases:

1- Reinstatement requests for students dismissed for exceeding number of academic warnings.
2- Reinstatement requests for students dismissed for exceeding maximum period of academic program.
3- Reinstatement requests for students dismissed due to attendance ban or failing all courses.
4- Reinstatement requests for students terminated for dropping out.
5- Requests for withdrawal or deferment that exceed the permitted number of times, or cases that fall outside the periods specified in the academic calendar.
6- Withdrawal requests of students due to compelling reasons during the first term of their preparatory / basic skills year.
7- Requests of students with compelling circumstances, or those participating in student activities and participations.

Committee membership shall comprise of following:

1- Deputy Managing Director, Student Affairs — Chairman
2- College / Institute Deputy Managing Directors, Education Affairs and Training — Member
3- Head of Admission and Registration Department — Member and Reporter
4- Head of Student Services Department — Member
5- Admission and Registration Specialist — Member
6- Student Academic Guidance Supervisor/Specialist — Member
7- Committee Secretary

ARTICLE 27:

In accordance with the relevant regulations, bylaws, and decisions, the Supreme Council shall determine the health requirements for students.

ARTICLE 28:

1- The minimum percentage for coursework grades of no less than 50% of the final grade, with a maximum of 60%, shall be specified in the approved course syllabus of the academic plan.
2- Coursework and final exams will be evaluated according to the assessment methods specified in the course syllabus and the college/institute student learning assessment policy, as approved by the Supreme Council or its delegate.
3- The approved course description in the academic plan shall specify the mechanism for calculating the coursework grade, which may include oral, written, or practical examinations, research projects, or other types of classroom activities, either all or some of them, provided that at least one written examination is included.
4- The college or institute council that offers the course will determine the duration of the final written exam, which shall not be less than one hour and not to exceed three hours.
5- The final exam for a course shall be held once; however, based on the nature of the course, the college/institute Council may allow exceptions.
6- Seminar, research, practical, and field courses of electronic form may be exempted from some evaluation methods mentioned in points (1-5) of this article, provided that the course syllabus specifies the appropriate evaluation methods in the academic plan.

ARTICLE 29:

The course instructor shall adhere to the evaluation methods and learning outcomes specified in the approved course syllabus, observing the following:
1- Informing students of the distribution of coursework grades at the beginning of each term, as stated in the syllabus, along with the dates for in-term exams.
2- Allowing students to review their responses in in-term or short exams and compare them with the model answers within ten days of the exam date.
3- Announcing the results of completed coursework before the end of the withdrawal period for the term or course.
4- For courses with multiple sections, standardized in-term and final exam questions will be prepared by the course instructors. However, the college or institute council may, upon department recommendation, allow non-standardized questions, provided students are informed.

ARTICLE 30:

The college or institute council shall organize the administration of final exams according to the following guidelines:

1- Conducting final exams within the designated period according to the approved academic calendar.
2- No student shall be scheduled for more than two course exams in one day. The college/institute council may make exception from this provision.
3- Conducting each course's final exam on its scheduled date according to the academic calendar.
4- Forming an exam committee at the college or institute level, chaired by college/institute Managing Director or their delegate, to supervise the exams.
5- The course instructor shall prepare the exam questions and a model answer and submit them to the department head or equivalent at least one week before the exam.
6- A student is not permitted to enter the final examination after the first thirty minutes from its start. However, the Chair of the Examination Committee may grant an exception, provided that no student has left the examination room. Similarly, a student is not allowed to leave the examination room before thirty minutes have passed from the start of the examination.
7- The course instructor must be present during the examination of the course they teach. However, with the Head of the Academic Department's approval, another instructor may be assigned to attend in their place if attendance is not possible.
8- The course instructor is primarily responsible for grading the examination of their course. However, the Head of the Academic Department may, when necessary, assign one or more specialists to assist in the grading process. In exceptional cases, the College or Institute Council may delegate the grading responsibility to another qualified individual as deemed appropriate.
9- If the final examination cannot be administered at its scheduled time due to a compelling excuse, the Head of the Academic Department shall set an alternative date for the examination, subject to the approval of the Managing Director of the College/Institute.
10- The course instructor -- or a faculty member assigned by the Head of the Academic Department -- shall enter the students' grades into the designated electronic system. The Head of the Academic Department must approve the grades within a period not exceeding the final deadline for recording and approving grades as specified in the academic calendar.
11- Without prejudice to the provisions stated above, the College or Institute Council may establish additional regulations to ensure the proper conduct of final examinations.

ARTICLE 31:

If a student is absent from the final exam, their grade for the course shall be recorded as zero. The overall grade for the course shall be calculated based solely on the coursework grades earned.

ARTICLE 32:

A student may apply for a makeup exam if unable to attend the final exam for a course in the term due to an acceptable excuse, as determined by Deputy Managing Directorate for Education Affairs and Training, in accordance with the following:

1- The student must submit a request for a make-up examination within one week of the final examination. In cases of extreme necessity, the Committee may grant an exception to this rule.

2- The Deputy Managing Directorate for Educational and Training Affairs may accept the student's excuse and approve granting them another opportunity to take a make-up examination within a period not exceeding the end of the following semester. The student shall be assigned an In-Progress grade (IP) until the make-up examination is completed, after which the final grade obtained will be recorded.

3- If one semester (or one academic year in the annual system) passes without the student taking the make-up examination, and the student has neither withdrawn nor deferred that semester (or academic year), the student shall be considered absent from the make-up examination and shall be treated in accordance with the provisions stated in Article 31.

4- If the student submits an acceptable, compelling excuse for not taking the first make-up examination, the Deputy Managing Directorate for Educational and Training Affairs may allow the student to take a second make-up examination in another semester (or academic year) as specified in the recommendation. If that subsequent semester (or academic year) passes without the student taking the second make-up examination, the student shall be considered absent from the second make-up examination and shall be treated in accordance with the provisions stated in Article 31.

5- If the course instructor is unavailable, the Head of the Department offering the course shall assign another instructor to prepare and grade the make-up examination.

ARTICLE 33:

1. The department council offering the course may, upon the recommendation of the course instructor, allow a student to complete the requirements for any course in the next level, the following term, or the next academic year for colleges or institutes applying a full academic year system. In such cases, the student's transcript shall show an

"Incomplete" (IC) grade, which will not count towards the GPA until the course or part of thereof requirements are completed.

2. If the period specified in this article elapses without the "Incomplete" grade (IC) being updated in the student's record due to failure to complete the course requirements, the final grade shall be recorded. If the previous grade is still recorded, the student's final grade shall be calculated based on coursework and the final exam scores, and it shall be included in both the semester and cumulative GPA.

ARTICLE 34:

A student may retake any course in which they received a final grade lower than "Good" (C), provided that the retake occurs within two semesters (or one academic year in the annual system). The number of retaken courses must not exceed three, including those included in the student's academic plan. Both grades will be calculated in the cumulative GPA, in accordance with the rules and conditions established by the Supreme Council or its delegate.

ARTICLE 35:

Subject to Article 42, the college or institute Council, based on the Department Council recommendation, may allow a student who failed a mandatory course four times or more to replace it with an elective course of equivalent credit hours, according to guidelines established by the Supreme Council or its delegate, with a limit of only two courses.

Section Five: Course Equivalency and Transfer

ARTICLE 36:

1. The Department Council may approve the equivalency of a course or group of courses that a student has previously completed outside RCJY colleges/institutes. This applies only if the student has completed the courses at a university, college, or educational institution that is recognized and listed by the Ministry of Education. The course content must be similar or equivalent in a percentage of no less than 70%, and the equivalent courses shall be recorded in the student's academic transcript subject to the conditions and guidelines below:
    a. The student must not have been enrolled at RCJY colleges and institutes when studying the equivalent courses, except as a visiting student in that university as per Article 52.
    b. The student must not have received a degree (graduation certificate) for completing such courses. The Supreme Council, or its delegate, may make exceptions.

c. The academic level of the equivalent course must be equal to or higher than the course in the student's academic plan.
d. The maximum percentage of transfer credits allowed from outside the college/institute must not exceed 40% of the total credit requirements for graduation.
e. The student's grade in the course to be equated must not be lower than "Good" (C), and the College or Institute Council may require a higher grade if deemed appropriate.
f. The number of credit units of the course (or courses) previously completed must not be less than, or must be equivalent to, the number of credit units of the course to be equated.

2. The concerned Department is responsible for reviewing the completed equivalency request and notifying the student of the result within no more than ten working days from the date of receipt. Upon approval, the equivalency shall be processed in the system no later than the end of the first week of the academic semester. The request shall be accepted only once and within the periods determined by the competent authority.
3. Equalized courses shall be recorded in the student's academic transcript, including the grades obtained in each course, without being counted toward the cumulative GPA. Courses previously taken by the student as a visiting student at the college/institute before formal admission shall be treated in accordance with paragraph (4) of this article.
4. Courses already taken by students shall be recorded and factored into their academic transcript and GPA; in case of transfer from one RCJY college/institute or from one department to another within RCJY colleges and institutes, or from one major to another within the same department.
5. The time required to complete the program after crediting the course equivalency of courses completed outside the college/institute shall be counted in accordance with the following:
    a. One term will be counted for every fifteen credit hours equivalized.
    b. The calculation referred to in paragraph (A) includes the period of the student's eligibility for the stipend, the calculation of the regular duration, and the honor ranking. The Supreme Council, or its delegate, may grant an exception to this provision.

ARTICLE 37:

1. Students are assigned to their majors after successfully completing the requirements of the Preparatory Year or the Basic Skills Year. Each

student shall be assigned an academic advisor in accordance with the following regulations:

a. Available seats in a major.
b. Student selection priority.
c. Student GPA in preparatory year.
d. The student's cumulative GPA in the Basic Skills Year, in addition to the grades obtained in English language courses, shall be used as a criteria for major placement.
e. "Fulfillment of any special requirements for the major, if any."
f. In special cases related to the student's health conditions, the college or institute Council may grant an exception upon approval of medical reports.

2. Subject to capacity limits, a student may transfer from one RCJY college or institute to another, or from one department to another within the same college/institute, or from one major to another within the same department, following the criteria and conditions recommended by the Academic Council and approved by the Supreme Council or its delegate each academic year. The following shall be observed:
    a. The transfer criteria for shared tracks and the colleges or institutes to which they belong shall be approved by the Supreme Council or its delegate.
    b. A student may transfer between colleges no more than twice during their academic years; the Supreme Council, or its delegate, may grant exceptions.
    c. The student may withdraw from the major transfer process, provided that this does not exceed the add/drop period at the beginning of the semester in which the transfer was approved.
    d. Students who are academically struggling at the Industrial College in the Royal Commission cities (academically dismissed) may apply for a transfer to one of the technical institutes affiliated with the Royal Commission, provided they have passed the preparatory year, and in accordance with the regulatory rules approved by the Academic Council, and based on available seats.

ARTICLE 38:

The College or Institute Council---or its delegate---to which the course belongs is responsible for approving the equivalency of courses completed by the transferred student between the Colleges and Institutes of the Royal Commission for Jubail and Yanbu, based on the recommendation of the departments offering these courses. The course completed by the transferred student must be equivalent in content or at least 70% comparable, and the

number of credit hours must not be less than the credit hours of the course to be equated.

ARTICLE 39:
With consideration to Article 38, course equivalencies may be considered for students accepted into a higher degree program than the ones they hold subject to the following:
1- The student must complete at least 60% of the total credit requirements to obtain a higher degree from the college/institute.
2- Grades of courses that are transferred as equivalents are not calculated in the student's cumulative GPA, but the courses are recorded in their academic transcript.
3- The regular study period for a student accepted for a higher degree (bridging) is calculated in accordance with what is stated in Article 36 -- paragraph 5.

ARTICLE 40:
In compliance with the definitions in Article 1, a student's graduation certificate shall indicate their overall grade, cumulative GPA, the program and college/institute from which they graduated, and the code for the major and academic level based on the Saudi Classification of Educational Levels and Specializations, and per program approval decision, including any major or minor fields, if applicable.

Section Six: Grades, Academic Honors, and Distinction

ARTICLE 41:
The student's coursework grades, final exam grade, and final total---rounded up to the nearest whole number---are recorded upon completion of the registered course, per the academic calendar. The grades are calculated automatically.

ARTICLE 42:
A student may be exempted from studying a course or a group of courses, up to a maximum of 25% of the total credit hours of the program's study plan. The student will be given a grade of Exempted (E). The Supreme Council---or its delegate---shall set the regulations and procedures for this exemption based on the recommendation of the Academic Council, including the possibility of awarding the student a grade for the course instead of recording (E), the possibility of requiring the student to compensate for the exempted credit

hours in their academic plan with elective courses, or granting the student a grade for the exempted course..

ARTICLE 43:

1. For courses with research or fieldwork components that extend beyond one term as per the official course specification, a grade of "IP" (In Progress) shall be recorded, and the final grade shall be awarded upon completion of the course requirements.
2. Taking into account the provisions of Article 33, if the student does not complete the course requirements within the specified time, the Department Council---to which the course belongs---may approve granting the student an Incomplete grade (IC).

ARTICLE 44:

A student may audit a course without receiving a grade, resulting in a grade of "AU" (Audit) recorded in the transcript despite their performance in the course. In case the student's absence exceeds 20% of the total contact hours in all course activities, a grade of "NF" shall be recorded. The Supreme Council, upon the recommendation of the Academic Council, shall establish guidelines and procedures for this process.

ARTICLE 45:

The overall grade---upon the student's graduation---is calculated based on their cumulative GPA, provided that it is not less than the minimum GPA set by the Supreme Council for each major, and in all cases not less than a grade of Good, according to the following grading scale.

1- Excellent: Cumulative GPA of 3.50 or higher out of 4.00.
2- Very Good: Cumulative GPA from 2.75 to less than 3.50. out of 4.00.
3- Good: Cumulative GPA from 2 to less than 2.75 out of 4.00.

Section Seven: Academic Honors

ARTICLE 46:

First Honors shall be awarded to students with a cumulative GPA of 3.75 to 4.00 at graduation, and Second Honors shall be awarded to students with a cumulative GPA of 3.5 to less than 4.00 at graduation, provided the following conditions are met:

1- The student has not failed (F) or denied (DN) in any course at a college/institute or any other educational institution.

2- The student must have completed the graduation requirements within a maximum period equal to the average between the minimum and maximum duration of stay in their academic program.
3- The student has completed at least 60% of the college or institute's graduation requirements.

ARTICLE 47:
The Supreme Council or its delegate shall approve the nomination procedures for the Excellence List, ensuring that students' academic transcripts reflect their inclusion in this list for the relevant term or year.

ARTICLE 48:
The Supreme Council or its delegate shall establish procedures and criteria for the Academic Excellence Program, providing distinguished educational and leadership opportunities for academically outstanding students.

Section Eight: Academic Advising

ARTICLE 49:
A Student Guidance Unit shall be established in each city at the Colleges and Institutes of the Royal Commission for Jubail and Yanbu. It aims to guide students and develop their academic and personal skills, providing necessary counseling at the academic, psychological, social, professional, and preventive levels. The Supreme Council---or its delegate---shall approve the rules and procedures governing the work of the unit.

ARTICLE 50:
Subject to the provisions of Article 49, an Academic Advising Committee shall be established in the College/Institute, along with subcommittees at the level of the academic departments affiliated with the College or Institute.

ARTICLE 51:
Each student shall have an academic advisor responsible for educational and academic guidance, assisting the student in making academic decisions throughout their studies, as aligned with these Regulations. The Supreme Council or its delegate shall define the duties and responsibilities of academic advisors.

Section Nine: Students' Academic Status

ARTICLE 52:

A College/Institute student may study as a visiting student at the Colleges or Institutes of the Royal Commission, or at any university, college, or institute within the Kingdom, or at a foreign educational institution accredited by the Ministry of Education, in accordance with the following regulations:
1- Approval from the College or Institute to which the student belongs for their study, based on the recommendation of the department---or its equivalent---that offers the course, after verifying:
a- The external course studied outside college/institute is equivalent in content by a percentage of less than 70%.
b- The credit hours of the external course are equal to those of the course required to be equivalized for graduation.
2- The course study pattern must be similar to the approved one in the college/institute.
3- The grades of courses transferred by a visiting student from outside the College/Institute are not included in their cumulative GPA, and the courses are recorded in their academic transcript in accordance with the provisions of Article 36.
4- The student must have completed at least two terms at the college/institute before applying to study as a visiting student at another educational institution.
5- Subject to Article 36 of these regulations, the maximum number of credit hours for a visiting student that can be counted from outside the College/Institute is 30% of the total graduation credit hours from the College/Institute.
6- The student must achieve at least a "C" grade in the external course for it to be eligible for equivalency.
7- The approval from the Admission and Registration Department.
8- A student must submit their results to the Admission and Registration Department within one week of the start of the next term following their visiting period; failure to submit results shall be considered a break in enrollment (excluding summer terms) and shall be treated in accordance with Article 56.
9- The monthly stipend (if applicable) shall be paid to a visiting student upon submission of their term results to the Admission and Registration Department.
10- The time spent as a visiting student shall count toward the program duration, with exceptions granted by the Supreme Council or its delegate, for students dismissed for academic reasons.

ARTICLE 53:

A student may request to defer studies for one term, one academic year, or a complete academic year, with an acceptable excuse, without counting the deferred term toward the program duration. This is subject to the following:
1- The student must submit the deferral request before the start of any primary academic semester or year. The number of deferrals shall not exceed two for bachelor's degree students and one for diploma students. This will not count toward the program graduation duration.
2- A preparatory year/foundational skills student is not allowed to defer their first semester at the College/Institute. If the student officially withdraws from the College/Institute, their admission will be canceled, but they may apply as a new student when the admission period reopens.
3- The student may cancel the deferral process within a maximum of one week from the approval of the process in the system.
4- A female student accompanying her husband or legal head of household; or a male student accompanying his wife may suspend their academic status for a maximum three years; and in case of resuming their study, this will be subject to following:

a. In case of changes to the academic plan, previously completed similar or equivalent courses will be credited, and the student must complete the graduation requirements according to the academic plan approved at the time of their return.
b. If academic plans are not changed, a student returns to their former academic status. If a student did not return after the maximum suspension period (three years) has elapsed, they will be considered a dropout and dismissed. They may reapply to the college/institute for enrollment as a new student, subject to the applicable admission terms.
c. The student companionship period shall not count toward the required graduation period, and deferral opportunities will count toward the period set forth above.

ARTICLE 54:

A student may withdraw from all courses for a semester or academic year. A grade of "W" shall be recorded, and the withdrawal shall count toward the graduation period, subject to the following:
1- A student may withdraw from a regular or summer semester after commencement of the academic term which does not count as a failing grade, provided that number of withdrawal do not exceed two for a bachelor and one for a diploma degree students; two weeks prior to the final exams and a grade of "W" shall be recorded. In case a student had a (DN) grade in any academic course prior to approval of request, such shall be recorded in their academic

transcript and this term shall count toward the graduation period. Student will be responsible for entry of withdrawal request through their account on the electronic portal of academic system; and to ascertain its acceptance. Student Academic Status Review Committee shall examine excuses and report upon accordingly.

2- A new student is not allowed to withdraw from their first semester at the College/Institute. If the student officially withdraws from the College/Institute, their admission will be canceled, but they may apply as a new student when the admission period reopens. An exception is made for compelling withdrawal cases recommended by the Student Academic Cases Committee, with a recommendation to record a (W) grade in their academic record. This period will count toward the maximum allowed duration for completing the preparatory year/foundational skills.

3- The student may cancel the withdrawal process within a maximum of one week from the approval of the process in the system.

4- Withdrawal from continuing summer semester studies is counted as one of the allowed withdrawal instances.

5- Withdrawal shall be recorded in the student's transcript and a (W) grade in all their courses registered in the withdrawal term.

6- The Student Academic Cases Committee may, if necessary, submit a request to the Director General to grant an exception to these regulations for compelling withdrawal cases.

ARTICLE 55:

A student may withdraw from one or more courses in a term or an academic year. A grade of "W" shall be recorded, subject to the following:

1- A student may withdraw from one or more courses with a grade of (W)," within a maximum period of two weeks before commencement of final exams as per the approved academic calendar," provided that study load is no less than 12 credit units in the main academic term after withdrawal of those courses. Students will be responsible for any consequences of delay or exceeding their allowable graduation period, and subject to following conditions:

a. A student is not allowed to withdraw from a course they have previously withdrawn from.
b. A student is not allowed to withdraw from a course that will not be offered because it is part of an academic plan currently being changed and has no equivalent in the ongoing plans.
c. Withdrawal is not allowed from a course offered in a semester that is at least three semesters earlier than the semester the student has reached in their academic plan.

d. A student is not allowed to withdraw from any preparatory year/foundational skills courses.

2- The student is responsible for submitting the course withdrawal request through their account on the academic system's online portal and ensuring that the request has been approved, unless the Head of the Students' Affairs grants an exception.
3- A student is not allowed to withdraw from one or more courses in the summer semester after the add/drop period ends, except if the Deputy Managing Director of Educational and Training Affairs grants an exception.
4- A regular academic year student may withdraw a maximum of three courses in a single year, provided that a request is submitted no later than four weeks before commencement of final examinations.
5- The total number of courses a student withdraws from must not exceed four throughout their entire enrollment at the College/Institute, with withdrawals from courses in the summer semester counted within this limit.
6- A student is not allowed to withdraw from a course in which they have received a Denial (DN) grade.

ARTICLE 56:
Subject to Article 57, a regular college/institute student shall be terminated in case of final withdrawal or dropout of one academic term (or one academic year as per academic year system) without registering for courses or submitting a withdrawal or deferral request; thus, such semester (or year) will not be counted toward completion of graduation period.

ARTICLE 57:
A student may be academically dismissed from a college/institute and reinstated in accordance with the academic guidelines for granting an additional opportunities to terminated students, in following cases:-
1- If the student receives two consecutive academic warnings due to a cumulative GPA below the minimum graduation requirement
2- If a student received a denial or failing grade or both in all their courses during an academic term.
3- If a student does not complete graduation requirements within the maximum program duration.
4- If a student did not complete their preparatory year requirements during three academic semesters, or received a (F) or (DN) grade, or both, for two consecutive times in any of their preparatory year courses.
5- If a student received a (DN) grade in all courses at the end of the first or second academic semester after their enrollment in the preparatory year.

6- If a student withdraws from the preparatory/basic year (after successfully passing the first term) and more than two academic semesters (including the withdrawn term) have elapsed since their withdrawal. Students may reapply to a college/institute as new students without a referral, and all applicable terms and conditions at the time shall apply.

ARTICLE 58:
A student shall be permanently dismissed from the College/Institute if a disciplinary decision is issued against them in accordance with the regulations governing student conduct. A disciplinarily dismissed student may apply for re-enrollment after two years from the date of the dismissal decision, subject to the rules and procedures specified in Article 59.

ARTICLE 59:
A student who has been terminated may apply for reinstatement using the same student number and academic transcript, subject to the guidelines and conditions established by the Supreme Council.

ARTICLE 60:
The College or Institute Council to which the student belongs may, based on the recommendation of the Department Council, designate appropriate courses for the student to study to meet the minimum cumulative GPA requirement for graduation, provided the student has passed the courses but failed to meet the cumulative GPA requirement. The following conditions shall be observed:
1- The student must have fulfilled all other graduation requirements.
2- The additional course units required to raise the cumulative GPA must not exceed twelve academic units.
3- The student must not have been dismissed due to exceeding the regular study period. The Student Academic Status Review Committee may examine the case, provided that the student's academic period does not exceed twice the required period for graduation.

Section Ten: Graduation

ARTICLE 61:
A student is eligible for graduation upon successfully completing the graduation requirements, in accordance with the academic system and academic plan approved by the Supreme Council or its delegate, as follows:

1- The student's cumulative GPA must meet the minimum set by the Supreme Council for their major and must not be lower than a minimum grade of "Good" ("C"), in all cases.
2- The student's final semester in the academic transcript shall be designated as the graduation semester.

ARTICLE 62:
RCJY colleges and institutes shall maintain quality standards in teaching and learning by implementing the following:
1- Colleges, institutes, and academic departments shall enhance students' competencies and skills before graduation to ensure their distinction and competitiveness in the job market.
2- Subject to the directives issued by the relevant authorities regarding university graduate standards and learning outcomes, the Supreme Council shall approve the Graduate Attributes Assessment Guide.
3- The Deputy Managing Directorate for Student Affairs in each RCJY city, in coordination with relevant departments, shall organize extracurricular professional and vocational training programs that provide students with certifications to enhance their competency and competitiveness in the job market.

Section Eleven: Academic Appeals and Petitions

ARTICLE 63:
The Supreme Council shall establish rules and procedures to protect students' rights and ensure compliance with their obligations, in accordance with relevant regulations.

ARTICLE 64:
A student may appeal their grade on an in-term exam, other graded coursework, or the final course grade within five business days of the grade being posted. The appeal should be submitted to the course instructor. If the student is dissatisfied with the instructor's response, they may escalate the appeal to the Head of the Department (or a designated college/institute deputy if the Head of Department is the course instructor) within three business days of receiving the response. The Head of the Department (or the concerned deputy, as the case may be) shall re-evaluate the student's work and decide within one week from the date of appeal submission, and may, as deemed necessary, seek the assistance of department staff members. The decision of the Head of the Department shall be considered final.

ARTICLE 65:

Subject to the provisions of Article 64, the student may apply for re-evaluation of the final exam in accordance with the following

1- The student must submit the re-evaluation request within five business days of the final grade posting, addressed to the department responsible for teaching the course.

2- The student must not have previously submitted three requests for re-evaluation of final exam answers for courses they have taken, all of which were finally rejected or dismissed.

3- The Head of the Department shall obtain feedback from the course instructor, and if an error is found, the grade shall be corrected. If no error is found, the student shall be given access to their graded answers and the model answers for review. If the student accepts the grade, they must sign to be notified of the result, and the Head of the Department shall sign the request for archiving. Such a request shall be considered as one of the requests mentioned in paragraph (2) and the process shall be completed within five business days.

4- If the student does not accept the re-evaluation, the Head of the Department shall form a committee of two faculty members (excluding the course instructor) to review the grade. The committee's report shall be submitted to the department head, who will decide whether to adjust the grade or deny the request within ten business days from the date the committee is formed. The student shall be informed of the decision.

5- If the Head of the Department is also the course instructor, the college/institute Deputy Managing Director shall handle the re-evaluation procedures.

6- If the student is not satisfied with the re-evaluation outcome, they may submit a grievance to the college or institute council responsible for the course within ten working days of receiving notification. The grievance must be submitted in writing, either in writing or electronically, to the college/institute Managing Director, detailing the reasons and justifications for the appeal. The grievance shall be presented to the college or institute council at its first session following submission, including the reasons provided by the student.

7- If the college/institute council does not find the grievance justified, it may issue a decision to reject the request. However, if it supports a re-evaluation, a committee of at least three faculty members shall be formed to reassess the answer sheet. This committee shall exclude the course professor and any members of the previous committee and include at least one member from outside the department. The committee shall submit its report to the council within ten working days of the decision to form it. The council will review the

report in its next session, and the council's decision, once recorded in the session minutes, shall be final.

Section Twelve: Stipends

ARTICLE 66:

1. An unemployed Saudi regular student and the like who is not enrolled in a paid academic program shall receive a monthly stipend of one thousand (1000) Saudi riyals. A sum of ten (10) riyals will be deducted from the Student Fund.
2. The monthly stipend payment will stop in the following cases:
    a. In case of study deferral, withdrawal, or dropout.
    b. If student received an academic warning due to their low GPA below the minimum limit of 2.00 out of 4.00
    c. If the student exceeds the prescribed period for completion of program requirements.
    d. If a disciplinary decision was issued to stop the payment of the stipend due to a student's violation of regulations.
    e. A visiting student to another university, until their studied courses are equivalized
    f. Students with paid additional opportunities.

Section Thirteen: General Provisions

ARTICLE 67:

The Supreme Council, or its delegate, shall have the right to determine and approve the fees imposed on students, in accordance with the applicable rules and regulations. These fees include the costs incurred in providing certain academic or administrative services. Approved fees shall be deposited in the "Student Fund," which is designated to support student activities and services that directly benefit them. Students shall pay fees on time. In case of non-payment, the college/institute shall be entitled to take the necessary measures in accordance with applicable regulations and instructions.

ARTICLE 68:

The Admission and Registration Affairs Department is responsible for the retention of graduation documents and academic records in accordance with document archiving procedures and policies.

ARTICLE 69:

Student-related data, statistics, and academic indicators shall be classified in accordance with the policies and standards issued by the competent authorities.

ARTICLE 70:
The Supreme Council shall approve the implementing rules and procedures for the enforcement of the articles of these Regulations.

ARTICLE 71:
Arabic is the official language for interpreting this regulation, and the Supreme Council has the right to interpret its articles.

ARTICLE 72:
This document shall be implemented as of the date of its approval, and to replace all related previously issued regulations and decisions; as well as to nullify all provisions contrary to herein.

Section Fourteen: Appendixes	القسم الرابع عشر: الملحقات
Grades obtained by students in each course are calculated as follows:	تحسب التقديرات التي يحصل عليها الطالب في كل مقرر كما يلي:

Academic Regulations for Additional Opportunity for De-Enrolled Students

Academic Regulations for Additional Opportunity for De-Enrolled Students:

1. A student may request re-enrollment within a period no more than two semesters from the date of de-enrollment within the specific announced period.
2. An additional opportunity is granted once for the diploma program and twice for the bachelor program to re-enroll a student who has received academic warnings, and once for a student who has dropped out due to withdrawal, failure, or dismissal from all courses, subject to the following conditions:
   a) If the student has received two consecutive academic warnings.
   b) The student must have successfully completed 18 credit hours for the diploma level, or 30 credit hours for the bachelor's level.
   c) If the student can raise their cumulative GPA to at least (2), assuming they obtain a very good (B+) grade in a maximum of (12) credit hours.
3. A student who is academically dismissed due to exceeding the maximum period for graduation in the summer semester will be automatically re-enrolled, provided that their cumulative GPA is not less than (2), if they can complete all the requirements of the study plan in that semester.
4. An additional opportunity with a financial fee is granted to students who have exceeded the maximum graduation period, provided their cumulative GPA is at least 2.0 and their total study duration does not exceed twice the normal graduation duration. Monthly stipend and other financial awards will be suspended during this period.
5. The student may apply for an additional opportunity for a fee to complete the preparatory year courses in accordance with the following regulations:
   d) The student must not have received a DN (Denial) grade in the semester from which they were dismissed.
   e) The student must complete all preparatory year requirements in that semester.
   f) The paid additional opportunity program must be used only once.
   g) Tuition fees are paid in accordance with the student admission regulations for a fee, provided that the student's monthly stipend and any other stipends are suspended.
   h) The additional opportunity is not counted toward the time period required to complete the preparatory year requirements.

A student whose enrollment has been dropped may submit a re-enrollment application using their registration number and record before the dropout, as follows:

1. No more than two consecutive semesters have passed since the dismissal. The Student Academic Cases Committee may consider cases with compelling excuses supported by acceptable justifications.
2. The student must submit a re-enrollment application before the start of the semester in which they wish to register, in accordance with the approved academic calendar.

3. A student who has dropped out may not be re-enrolled more than once. The Student Academic Cases Review Committee may, when necessary, consider cases with compelling excuses.
4. A visiting student to another university is considered dismissed if they fail to submit the results of their visiting semester by no later than the first week of the semester following the visit.
5. To approve the application, the student must be able to fulfill the graduation requirements after re-enrollment within the permitted period. The Student Academic Cases Review Committee may review the student's case, provided that the student's total study period does not exceed twice the regular period designated for graduation.
6. To approve the application, the student's study plan before the dropout remains valid. If this is not possible, the Student Academic Cases Review Committee may consider the possibility of transferring the student's major to another one.
7. If more than two semesters (one academic year for a year-round student) have passed since the student's registration was closed, they may apply as a new student without referring to their previous academic record, provided that all the admission requirements announced at the time apply to them. The Student Academic Case Study Committee may consider the cases of those with compelling excuses in accordance with the following regulations:
   a) A recommendation by the college/institute councils to approve the student's re-enrollment after reviewing the reasons for the discontinuation, with the possibility of requiring the student to retake some courses previously taken before the discontinuation, based on the recommendation of the relevant department.
   b) The duration of the discontinuation must not exceed four semesters or two academic years in the academic year system.
   c) The student was not on academic warning at the time of dismissal.
   d) The student must have completed at least 25% of the graduation requirements.

General Instructions and Provisions

1. These regulations shall take effect from the date of approval and supersede all previous policies in this regard.
2. The Supreme Council reserves the right to interpret the provisions of these regulations.

Reviewing and Updating the Additional Opportunity Criteria

The Supreme Council shall review and update the academic regulations to provide additional opportunities for dismissed students, as necessary to keep pace with academic developments.

Royal Commission for Jubail & Yanbu

Regulations For Transferring Students from Outside the Royal Commission's Colleges and Institutes

First: Transfer Conditions

1. Students who have not completed the preparatory year at their previous university or college are not eligible for transfer. However, exceptions may be granted to students who have passed standardized tests approved by the Supreme Council that confirm they have met the preparatory year requirements. Students transferring from universities outside the Kingdom may be admitted without completing the preparatory year, provided that the Ministry of Education accredits the university and that the medium of instruction is English.

2. Transfer of a student from outside the college/institute may be accepted in accordance with the following regulations:

   a) The student must have studied at an accredited college or university.
   b) The language of instruction at the college or university from which they are transferring must be English.
   c) The student must be medically fit.
   d) The student must be enrolled at the educational institution from which they are transferring, except those who have dropped out of school for a maximum of two semesters.
   e) The student must have completed at least 24 specialized credit hours for those transferring to bachelor's programs and at least 12 specialized credit hours for those transferring to diploma programs within the academic program credit hours of the educational institution from which they are transferring.
   f) The student must not have been expelled from the college or university from which they are transferring for disciplinary reasons.
   g) The student must meet the transfer conditions determined by the college/institute council.

3. The number of credit hours that are calculated shall not exceed 40% of the number of credit hours required to obtain the degree.

4. Course equivalency regulations shall apply, as stipulated in the Academic and Academic Affairs Regulations.

5. A student transferring from outside the Royal Commission's colleges and institutes is not entitled to change their major after the transfer application has been accepted.

Second: Conditions for Course Equivalency

Considering the provisions of the Academic and Academic Affairs Regulations, equivalency for a course studied at a previous university/college shall be determined in accordance with the following conditions:

1. The language of instruction at the previous college or university must be English.
2. The student must successfully pass any examination required by the college or institute.
3. The student must submit an academic record certified by the previous college or university detailing the courses studied, their grades, and the course specifications for each course they wish to have equivalency. After completing the admission procedures, a student must not request the equivalency of any course for which they did not submit the course specifications during the transfer application process.
4. Course equivalency shall be determined by the relevant academic department, in accordance with the conditions and regulations stipulated in the Academic and Academic Affairs Regulations.

The relevant department is responsible for the equivalency of any course within the specialization phase, provided that the equivalency of courses passed externally meets the following conditions:

1. The student's grade in that course must be at least "Good."
2. The course passed by the student must be at least 70% compatible with one of the courses included in the program's study plan, and must be equivalent in number of credits or more.

Cancellation of the Transferred Student's Registration

If, after the student's transfer, it becomes apparent that they have violated any of the regulations announced upon submitting the transfer application, such as having previously been expelled for disciplinary reasons, or any other violation of the transfer regulations, their registration will be cancelled from the date of acceptance of the transfer to the college/institute.

General Instructions and Provisions

1. These regulations shall take effect from the date of approval and supersede all previous policies in this regard.
2. The Supreme Council reserves the right to interpret the provisions of these regulations.

Review and Update the Regulations for Transferring Students from Abroad.

The Supreme Council shall review and update these regulations as needed to ensure consistency with academic developments and labor market demands.

Regulations for Internal Transferring of a Student Within the Royal Commission Colleges and Institutes

Transferring between majors within the college/ institute

A student may transfer from one major to another within the college/institute within the time period specified in the academic calendar. This is subject to regulations established by the college/institute council. All courses previously studied, including grades and semester and cumulative GPAs throughout their studies, are included in the student's academic record when transferring from one major to another.

General Regulations

1. A bachelor's degree student is entitled to apply for transfer from one major to another before completing the fourth semester/second year (according to the academic year system) of enrollment in the major. An associate degree student is also entitled to apply for transfer before completing the second semester/first year (according to the academic year system) of enrollment in the major.
2. The student must have completed at least 15 accredited units in their current major.
3. A student is permitted to transfer only once, and the college/institute council may make an exception.
4. A student transferring from a college/institute between cities within the Royal Commission for Jubail and Yanbu will be treated as an internal student transfer.
5. A student who has completed the preparatory year or the basic skills year may apply for transfer between cities within the Royal Commission for Jubail and Yanbu, provided vacant seats are available. This transfer will be allocated according to approved mechanisms and after approval by the relevant college or institute council.
6. Applicants will be ranked based on their cumulative GPA and seat availability.

Change of Degree

The College Council may approve a student's request to change their degree from a bachelor's degree to a diploma degree within the first two semesters of enrollment in the major, or approve a request to change their degree from a diploma to a bachelor's degree, provided that the cumulative GPA is no less than (3.75 out of 4.00) before completing the second semester in the major, and that the weighted grade upon admission is no less than the minimum approved for admission to a bachelor's degree. All semesters spent by the student after the change of degree are counted towards the regular study period.

General Instructions and Provisions

1. These regulations shall take effect from the date of approval and supersede all previous policies in this regard.
2. The Supreme Council reserves the right to interpret the provisions of these regulations.

Review and Update of Regulations

The Supreme Council shall review and update these regulations as necessary to ensure consistency with academic developments and labor market demans.

Tasks and Responsibilities of Academic Advisors

Academic Advisors

An academic advisor is a faculty member assigned to supervise and provide academic support to students, contributing to the successful achievement of their academic goals in accordance with approved regulations and laws.

Tasks and Responsibilities of the Academic Advisor

Academic advisors are responsible for the following tasks and responsibilities:

1- Academic and Educational Guidance:

- Assisting students in selecting courses and planning their academic career according to the approved requirements of their academic program.
- Educating students about academic regulations and educational policies that affect their academic careers.

2- Personal Support and Guidance:

- Providing academic support to students and encouragement to improve their study skills.
- Helping students develop effective time management strategies and balance study with other activities.

3- Monitoring and Evaluation:

- Monitoring student's academic progress and periodically reviewing their performance.
- Identifying obstacles or challenges that may affect student's academic progress and working to find appropriate solutions.

4- Career and Future Guidance:

- Guiding students toward future career opportunities and providing advice regarding academic development and employment paths.
- Supporting students in selecting majors and courses that fit with their career goals.

5- Coordination with Academic Departments:

- Communicating with various academic departments and committees to ensure the necessary resources and support are provided to students.
- Submitting necessary reports to relevant entities regarding student's progress and special academic conditions.

Limits of Authority and Responsibilities

Academic advisors shall provide guidance to students and make recommendations. However, final decisions regarding student's academic path rest with the competent entities at the academic institution, in accordance with approved regulations.

Reviewing and updating tasks of the Academic Advisor

The Supreme Council shall periodically review and update academic advisors' tasks and responsibilities to ensure alignment with academic developments and student needs.

Excellence List

Excellence List Definition

The Excellence List is issued by the Royal Commission Colleges and Institutes in Jubail and Yanbu at the end of each academic semester to recognize regular students who have demonstrated outstanding academic performance across various majors and programs. The purpose of this list is to enhance academic excellence and promote positive competition among students.

Levels of Excellence and Quality Standards

The names of outstanding students are included on the Excellence List each semester, and they are awarded an Academic Excellence Reward based on their semester GPA and the total number of quality points earned during that semester, as follows:

1- First-class Excellence: A semester average of between (3.75) and (4.00), and the number of qualitative points should not be less than (60) sixty points. Students will be given a First-class Excellence reward of (1000) one thousand Saudi Riyals.

2- Second-class Excellence: A semester average of (3.50) or more, provided that the number of qualitative points is not less than (56) fifty-six points. They will be given a Second-class Excellence reward of (750) seven hundred and fifty Saudi Riyals.

Academic Record Excellence List

A remark is added to the academic transcript of distinguished students indicating that they have achieved a level of distinction, specifying the semester or academic year in which it was earned. This notation appears under the heading “Excellence List”, followed by the level of distinction (First or Second) and the corresponding date.

Review and Update Excellence Standards

The Supreme Council periodically reviews and updates the criteria and levels of the Excellence List to ensure alignment with academic developments and labor-market needs.

Paid Programs Regulations

Article 1

The following words and phrases, wherever they appear, shall have the meanings indicated opposite each of them, unless the context requires otherwise:

College/Institute	One of the RC colleges or institutes.
Academic Degree	Any academic degrees offered by the Industrial College and Technical Institute.
Student/Beneficiary	Every student enrolled in the program, registered at the college/institute, and benefits from program services.
Credit Unit	Approved study hour.
Faculty Members	Those who undertake teaching duties in the program.
Program Participants	Administrators and the like.
Program Account	The account assigned to the program.
Contractors	Part-time instructors engaged from outside the Colleges and Institutes to teach in the program.
Sponsoring Entity	The entity that pays the tuition fees for the beneficiary.
Paid Programs	All programs that require payment of fees as classified in these regulations

Article 2

Regulatory framework and academic regulations for paid programs at the RCJY colleges and institutes:

1. The students of the programs are subject to work regulations at the RCJY colleges and institutes.
2. Applicants will be selected based on their academic average/weighted percentage and available seats.
3. Program students are not given any financial rewards (monthly stipend/excellence reward).
4. Deferral and withdrawal from the programs shall be subject to approval of relevant academic department.

Article 3

The following categories are accepted into the paid programs:

1. Citizens and residents of the Kingdom of Saudi Arabia with legal residency and the like status.
2. International students wishing to study at the RCJY colleges and institutes.
3. Students with paid additional paid opportunities.
4. Students accepted into the qualifying program under the Bridging Program.

Article 4

Admission Conditions for paid programs:

1. The applicant must have a high school diploma or an intermediate diploma/intermediate university degree from a recognized academic institution.
2. High school graduates are required to have the results of the General Aptitude Test (GAT) and the Scholastic Achievement Admission Test (SAAT), depending on the requirements of each program.
3. The College Council determines the academic degrees accepted from recognized institutions and the supplementary courses required for each degree.
4. To be accepted into paid study programs, it is not required that the intermediate diploma degree specialty to be an extension of the Bachelor's degree or one of its tracks.
5. The courses studied by the student in the diploma are accredited according to the regulations in effect at the RC colleges and institutes.
6. The applicant must be medically fit for the specialty in which he is accepted. If it is discovered otherwise, their acceptance will be cancelled.
7. Applicants are required to pass all tests, interviews and special conditions required by the college/institute.
8. Applicants accepted into paid programs are not entitled to transfer to a major other than the one in which they were accepted.
9. Applicants must not have been dismissed for disciplinary reasons from RC colleges and institutes or from any university or educational institution.
10. Non-Saudis and those in a similar position who wish to enroll in paid programs within the morning programs are subject to all admission terms and conditions applicable to newly admitted Saudi students and those in a similar status.
11. Payment of tuition fees, and the admission offer for a nominated applicant shall be canceled if the tuition fees are not paid within the specified deadlines.
12. Applicants must meet all conditions approved by the college/institute council and adopted by the academic council of colleges and institutes.
13. The college/institute has the right to cancel admission to programs that do not meet the minimum number of students.
14. The applicant shall certify the accuracy of the submitted information, and if proven otherwise, their admission shall be deemed void.

15. Meeting the admission requirements does not guarantee final acceptance; admission is subject to a competitive selection process.

Article 5

The study pattern for the paid programs shall be in-person during the evening period. The college/institute has the right to modify such period and pattern.

Article 6

1. Tuition fees per academic unit are collected as follows:

Category	Program	Amount
Saudi student or the like	Additional paid opportunities and a qualifying program under the Bridging Program	250
	Paid Study Program	750
Resident with a legal residence permit or the like	Additional paid opportunities and active morning program attendees	1100
	Paid programs	

2. Tuition fees include use of all college/institute services and facilities except for medical treatment, textbooks, uniform, and student housing.
3. The student shall bear the payment of cooperative training fees if requested by the training institution.
4. Tuition fees must be paid in full before the beginning of the semester and registration for classes.
5. In the event of withdrawal from studies, tuition fees will be refunded according to the following:
    a. An amount of (500) Saudi Riyals must be paid as an administrative fee when a student withdraws before the beginning of the semester or during the first week of the semester.
    b. An amount of (30%) of tuition fees will be deducted when a student withdraws during the second and third weeks of the semester.
    c. An amount of (50%) of tuition fees will be deducted when a student withdraws during the fourth and fifth weeks of the semester.
    d. Tuition fees are non-refundable after the fifth week of the semester.
    e. The student is entitled to a full refund of tuition fees when the semester/course is deferred or cancelled by the college/institute.
    f. The student will receive a full refund of tuition fees if their admission is cancelled due to failure to pass the medical examination.

6. Education Services Department is responsible for monitoring collection, refund, and deduction of tuition fees according to specified regulations.

Article 7

Tuition fees are collected from the beneficiary or donor and deposited in a separate account designated for the Paid Program within the Special Programs and Continuous Education Fund account at the RC colleges and institutes.

Article 8

The following categories of workers may be engaged for implementing the programs:

1. Faculty members and those with equivalent qualifications (teachers - those with professional, technical and training experience) from the RCJY Academic Faculty.
2. Contracted faculty members and those with equivalent qualifications (teachers - those with professional, technical and training experience) from outside the RCJY.
3. Administrators and those in similar positions.

Article 9

Financial dues are disbursed to employees, cooperative, and contractors within the program, after approval by the General Manager of the General Directorate of Education, according to the following regulations:

1. Rewards of faculty members and those in similar positions is determined as follows:

Job Tittle	**Rewards Amount**
Professor	(300) Saudi Riyals per study unit
Associate Professor	(250) Saudi Riyals per study unit
Assistant Professor – Senior Instructor	(200) Saudi Riyals per study unit
Lecturer - Senior Language Teacher – Experienced Personnel	(150) Saudi Riyals per study unit
Teaching Assistant - Language Teacher - Senior Instructor - Instructor - Assistant Instructor - Teacher	(100) Saudi Riyals per study unit

2. Rewards for participants in the program, whether administrators or those in similar positions, is determined at a rate not exceeding (30%) of the program's revenues.
3. No more than (80%) of the program's revenue may be spent.
4. Program revenues may be spent to cover program equipment and needs.

Article 10

1. Full-time/part-time collaborators with academic and professional qualifications and experience may be contracted to teach in the program.
2. General Manager of the General Directorate of Education shall form a specialized committee to supervise the contracting process and select candidates.
3. Contracting with collaborators shall be in accordance with the following regulations:
   a) The candidate must have the appropriate qualifications and experience to complete the required work.
   b) Contracting is limited to Saudis only.
   c) The contract must follow the procedures approved by the RC General Directorate of Human Resources.

Article 11

These regulations shall be effective as of the date of approval and shall supersede all previous regulations or decisions in this regard.

Article 12

Arabic is the official language to be used for interpreting these regulations.

Article 13

The Supreme Council shall review and update these regulations as needed to ensure consistency with academic developments and labor market needs.

Royal Commission for Jubail & Yanbu

Bridging Program Admission Regulations

Admission Requirements

1. The applicant must hold an intermediate diploma/intermediate university degree in the field in which they wish to pursue their studies, and must be a graduate of the Royal Commission's colleges and institutes.
2. Applicant must be a Saudi national or hold equivalent status.
3. Applicant must not be employed at the time of application submittal.
4. The intermediate diploma major must be an extension of the bachelor's major or one of its tracks.
5. Applicants accepted into the self-funded study program are not entitled to transfer to a major other than the one in which they were accepted.
6. Applicant must not have obtained their intermediate diploma degree more than five years ago.
7. The applicant's intermediate diploma must not be more than five years old
8. The student must submit a medical report approved by the competent authority, specifying their health condition according to the requirements of the desired academic program. This health examination aims to ensure that the student's health condition meets the study requirements and to determine whether any special needs require additional arrangements.
9. The student is required to complete a paid qualifying program within the bridging program in accordance with the rules governing the paid program, which includes studying supplementary courses that are considered basic requirements for admission to the required degree. To pass this program, the student must have a cumulative GPA of no less than (3 out of 4) during the specified period and in accordance with the approved academic plan. These courses are included in the academic record but not in the cumulative GPA. The student is deemed ineligible to complete the bridging program if the requirements herein are not met.
10. The student shall meet any other conditions approved by the College Council and adopted by the Academic Council of Colleges and Institutes.
11. Fulfilling admission requirements does not mean final acceptance of the applicant, but the applicant will be subject to comparison.
12. Tuition fees must be paid in full before the start of the paid preparatory program.
13. Applicants undertake that the information provided is correct. If proven otherwise, admission will be cancelled.

Application Control Procedures

1. Applications for the Bridging Program open on dates specified in the academic calendar.
2. Entrance tests or personal interviews may be conducted, if necessary, to assess student readiness and academic abilities to complete studies in the desired major.
3. The students are accepted according to the specified numbers, and applicants are compared based on their cumulative GPA and seat availability.
4. The Bridging Program may be utilized only once. Withdrawal from the program disqualifies the student from reapplying.
5. In the event of withdrawal or resignation from the qualifying program, tuition fees will be refunded according to the rules governing the self-funded study program.

Minimum Requirements for Obtaining a Bachelor's Degree

The total number of credit hours and years of study completed by the student to obtain a bachelor's degree must not be less than the minimum stipulated in the Unified Saudi Classification of Specializations and Educational Levels and the National Qualifications Framework.

Compliance with Regulations

Students admitted to the Bridging Program must comply with all regulations and policies in effect at the Royal Commission Colleges and Institutes and are subject to the program's academic supervision.

General Instructions and Conditions

1. These regulations shall take effect from the date of approval and supersede all previous policies in this regard.
2. The Supreme Council reserves the right to interpret the provisions of these regulations.

Review and Update of Bridging Program Controls and Conditions

The Supreme Council shall review and update the bridging program's regulations and admission conditions as necessary to ensure alignment with academic developments and labor market needs.

Regulations for Accepting Visiting Students from Outside the Royal Commission's Colleges and Institutes

Regulations for accepting visiting students to study at the Royal Commission's colleges and institutes

A student affiliated with another college or university may apply to study one or more courses at the colleges and institutes of the Royal Commission, subject to the following conditions:

1. The student must obtain prior written approval from their college/university to study as a visiting student at the college/institute, specifying the courses they will study.
2. The student must submit their application to study as a visiting student at the college/institute in accordance with the announced procedures and within the specified timeframe.
3. The student must fulfill all requirements for the courses they wish to study.
4. The student must obtain approval from the department in which they wish to study as a visiting student.
5. The visiting student may request housing according to available resources and in accordance with housing regulations.
6. No stipend is paid to the visiting student.
7. The Managing Directorate for Student Affairs is responsible for receiving applications to study at the college/institute, coordinating with relevant authorities, and issuing the student's academic record.
8. The Academic Council reserves the right to add any other conditions.

General Instructions and Provisions

1. These regulations shall take effect from the date of approval and supersede all previous policies in this regard.
2. The Supreme Council reserves the right to interpret the provisions of these regulations.

Reviewing and Updating Regulations

The Supreme Council periodically reviews and updates the terms and conditions to ensure consistency with academic developments and labor market needs.

Royal Commission for Jubail & Yanbu

Guidelines for the Replacement of Mandatory Courses

Exemption from the mandatory course

The College or Institute Council may exempt a student from studying a mandatory course listed in their academic plan if the student has failed the course four or more times, provided that the course is not a prerequisite or co-requisite for any other course in the academic plan.

Department Council recommendation

The exemption shall be granted based on a recommendation from the relevant Academic Department Council, after verifying that the student has made sufficient effort to pass the course and that continued attempts to repeat it may negatively affect the student's academic progress or delay graduation.

Replacement of the mandatory course with an elective course

The mandatory course from which the student is exempted shall be substituted with an approved elective course from the list of available electives, provided that it carries an equivalent or greater number of credit hours to ensure academic balance and fulfillment of graduation requirements. If an equivalent elective course (by credit hours) is not available, the student may register for additional elective courses to meet the minimum graduation requirements.

Number of replaced courses

The student is not allowed to replace more than two courses during the study program.

Approval Procedures

The student or the concerned academic department may submit the substitution request. The request shall first be reviewed and recommended by the Academic Department Council, then submitted to the College or Institute Council for approval. The decision shall be recorded in the student's academic transcript.

Calculation of grades in the GPA

The grade obtained by the student in the substituted elective course shall be included in the cumulative GPA. The academic record shall indicate that the substitution was made by a decision of the College/Institute Council.

General Instructions and Provisions

1. These regulations shall take effect from the date of approval and supersede all previous policies in this regard.
2. The Supreme Council reserves the right to interpret the provisions of these regulations.

Review and Update

The Supreme Council shall review and update these regulations as necessary to ensure alignment with academic developments and the labor market's needs.

Admission Regulations for Gifted and Talented Students

APPLICATION REQUIREMENTS

1- The student shall observe the announced admission requirements or any other requirements approved by the Supreme Council at the time of application.
2- The student shall have set for the General Aptitude Test (GAT) and the Scholastic Achievement Admission Test (SAAT), provided by the National Center for Assessment (Qiyas).
3- The admission percentage for gifted and talented students of both genders shall not exceed 3% of the total number of admitted students. It shall not be calculated within the specified admission capacity.

TALENTED STUDENTS' ENROLMENT METHODOLOGY

1- Orientation and Promotion Programs: Organize workshops and orientation sessions in schools to familiarize talented students with the college/institute programs.
2- Partnership with Educational Establishments: collaborate with the Ministry of Education, King Abdul Aziz and his Companions Foundation (Mawhiba), and specialized schools.
3- Summer Training: Provide summer training opportunities for talented students to support their academic path and develop their skills in the areas of excellence.

AREAS AND STANDARDS OF TALENT AND EXCELLENCE

Area	Standard
Outstanding Students in General Aptitude (GTA) and Scholastic Achievement Admission Test (SAAT)	Obtain a score of 95 or above in (GTA) and 90 or above in (SAAT).
Math and Information Sciences	Attaining a minimum of a bronze medal in any International Olympiads approved by the Ministry of Education and Kind Abdul Aziz and his Companions Foundation for Giftedness and Creativity (Mawhiba).
Scientific Researches and Innovations	Attaining a minimum of a bronze medal or big prize in exhibits approved by the Ministry of Education and Kind Abdul Aziz and his Companions Foundation for Giftedness and Creativity (Mawhiba).
Sport Talents	The applicant must be registered in at least a second-division club, with such registration completed at least two years prior to the application date. In the case of martial arts and athletics, the applicant must have achieved at least a gold medal in the National Championships.
Robot and Remote-Control Sports	Achieving a top international placement in one of the official competitions accredited by the Saudi Federation for Robotics and RC Sports, where the placement is a main competition award rather than a subsidiary category or a special award.

Cultural and Artistic Field	Must have achieved at least third place in a cultural or arts competition at the national or international level approved by the Ministry of Culture or the Ministry of Education. As for musical skills, the applicant must be enrolled in the Music Commission or participate in music production companies approved by the Music Commission.

After fulfilling the above requirements, an electronic comparison shall be made based on the enrolment of available seats.

General Instructions and Provisions

1- These regulations shall take effect from the date of approval and supersede all previous policies in this regard.
2- The Supreme Council reserves the right to interpret the provisions of these regulations.

Review and Update

The Supreme Council shall review and update these regulations as needed to ensure consistency with academic developments and labor market demands.

Repeating Courses Regulations

Repeating Courses Permission

Students are permitted to repeat any course in which they have received a grade below (Good) (C), only once for that specific course. This aims to help students improve their cumulative GPA and enhance their overall academic performance.

Repeating Courses Timeframe

If a student wishes to repeat a course, the repetition must be completed within two semesters from the date the grade was received in programs that follow the semester system, or within one academic year in programs that follow the annual system.

Maximum Number of Courses

Students are permitted to repeat no more than three courses within their approved study plan, in accordance with the academic program regulations.

Grade Calculation in the Cumulative GPA

Both the original grade and the new grade obtained after repeating the course shall be included in the calculation of the student's cumulative GPA, to ensure a comprehensive and integrated academic evaluation process. The new result will be recorded in the academic transcript alongside the previous result, with the difference between the two clearly indicated. If a student fails the repeated course, a failing grade will be recorded. The student will not be required to repeat the course again, as the repetition was originally intended for grade improvement after passing it on the first attempt.

Additional Requirements

Prior approval from the head of the student's department is required before registering to repeat any course, to ensure alignment with the study plan and program requirements. The academic department is also responsible for monitoring the student during the repetition period and providing the necessary academic guidance.

General Instructions and Provisions

1. These regulations shall take effect from the date of approval and supersede all previous policies in this regard.
2. The Supreme Council reserves the right to interpret the provisions of these regulations.

Review and Update

The Supreme Council shall review and update these regulations as necessary to ensure they remain consistent with academic developments and labor market needs.

Regulations of the Academic Excellence Program (AEP)

Academic Excellence Program (AEP)

The Academic Excellence Program is an enhanced academic track built upon the student's core curriculum, featuring additional learning outcomes and higher requirements designed to match the potential and abilities of distinguished students enrolled in the Program.

The Program aims to provide an advanced, integrated educational experience that meets the needs of high-achieving students, offering them additional opportunities to develop their academic and personal skills.

The Program consists of several complementary components to the core curriculum. The key elements governing the Program are outlined below:

AEP Objectives

1. Develop additional learning outcomes focused on critical thinking, scientific research, and leadership skills.
2. Prepare outstanding students for academic and professional excellence through high-level academic and study programs.
3. Encourage high-achieving students to participate in research activities and practical projects.

AEP Components

1. Additional Courses: Advanced or selected courses from related majors, designed to match the student's abilities and expand their academic knowledge.
2. Enhanced Learning Activities: These include workshops, specialized training courses, and external learning opportunities such as lectures and conferences.
3. Practical Training Programs: Providing advanced field training opportunities that align with the students' major and enable them to apply acquired knowledge practically.
4. Scientific Research: Encouraging students to participate in research projects in collaboration with faculty members or within the college's research centers.

Additional Learning Outcomes

1. Improve student research and critical thinking skills.
2. Develop leadership and effective communication skills.
3. Enhance problem-solving and creative thinking skills.

Graduation Requirements

1. Successful completion of all core and additional courses.

2. Submit a graduation project or research paper approved by the academic department.
3. Achieve a minimum cumulative GPA required by the Program.

Academic Eligibility Criteria

1. The student must have achieved a cumulative GPA of at least 3.75 out of 4.00 in the last two semesters.
2. The student must have a good reputation and conduct, without any academic or behavioral violations.
3. The Program is open to all majors, provided that the student demonstrates the academic competence and personal skills necessary to meet Program requirements..

Admission Procedures

1. The student must submit an official application to join the Academic Excellence Program, including a personal statement, a detailed academic transcript, and faculty recommendations (if available).
2. Applications are to be reviewed and evaluated by the Academic Excellence Committee at the college/institute.
3. Candidates are interviewed to determine their suitability for the Program.

Academic Excellence Committee

A committee titled "Academic Excellence Committee" is formed in each college or institute, comprising the following members:

1. Deputy Managing Director for Educational and Training Affairs (Chairperson)
2. Head of Admissions and Registration Department (Member)
3. Heads of Academic Departments (Member)
4. Head of Student Services Department (Member)
5. An Academic Advisor (Member and Committee Secretary)

Academic Excellence Committee Tasks

1. **Application Review and Evaluation**.
   - Receive and evaluate applications for AEP admission.
   - Review academic records to ensure applicants meet eligibility criteria.
2. **Academic Advising Oversight**
   - Assign academic advisors to students in the Program and guide them in developing their academic and professional skills.
   - Monitor students' adherence to program requirements and submit periodic progress reports.

3. **Academic and Personal Support**
   - Coordinate the provision of additional support activities, such as training courses and workshops.
   - Organize leadership and professional development programs for students participating in the Program.

4. **Periodic Program Evaluation**
   - Conduct periodic assessment of program outcomes and objective achievement.
   - Propose necessary improvements and modifications to ensure the Program's effectiveness and continuous development.

5. **Problem Solving and Complaints Review**
   - Address students' issues related to the Program and provide appropriate solutions.
   - Receive and review student complaints or appeals related to the Program and take necessary action.

Student Obligations within the Program

1. Maintain a cumulative GPA of no less than 3.75 throughout the Program.
2. Participate in training workshops as well as academic and leadership development activities organized by the Program.
3. Submit semester progress reports and actively engage in activities designated by the Academic Excellence Committee.

Academic and Developmental Support

1. Each participating student is assigned an academic advisor from the faculty members to support them in planning their academic path and developing their skills.
2. Students shall be given opportunities to participate in internal and external training and development programs in collaboration with various sectors.

Periodic Student Evaluation

1. Each student's academic performance and semester progress will be evaluated periodically by their academic advisor.
2. If a student fails to meet the required GPA or participation standards, they will be formally notified and given the opportunity to improve.

Benefits and Privileges

1. Participating students may receive scholarships (as resources allow) and opportunities to attend local or international scientific conferences or training programs.

2. The Program awards certificates of appreciation upon graduation, with special recognition for those who achieve honors.
3. Students have the opportunity to participate in research projects under the supervision of academic advisors, which enhances their professional competencies.

Withdrawal or Dismissal

1. If a student decides to withdraw from the Program, they must submit a formal request to the Excellence Committee, clearly stating the reasons for withdrawal.
2. The Committee may dismiss a student from the Program for failure to meet requirements, after granting reasonable opportunities for improvement.

Review and Appeal Requests

1. A student has the right to appeal dismissal decisions by submitting a written request to the Academic Excellence Committee.
2. The Committee shall review the appeal and issue a final decision, which shall be communicated to the student.

General Instructions and Provisions

1. These regulations shall take effect from the date of approval and supersede all previous policies in this regard.
2. The Supreme Council reserves the right to interpret the provisions of these regulations.

Review and Update

The Supreme Council shall review and update the regulations and regulatory procedures as needed to ensure alignment with academic developments and labor market demands.

Regulations and Procedures of Student Guidance Unit

Unit Introduction

Student Guidance Unit (SGU) is affiliated with Student Services Department of the Deputy Managing Directorate for Student Affairs and aims to provide support and guidance to students on the academic, psychological, social, and professional levels.

SGU General Objectives

SGU aims to:

1- Promote Academic Achievement: Help students achieve their academic goals.

2- Psychological and Social Support: Provide a psychologically and socially supportive environment that ensures positive student interaction.

3- Career Preparation: Guide students toward majors and professional fields that align with labor market needs.

4- Problem Prevention: provide preventative programs aims to enhance students' health and psychological awareness.

Tasks and Responsibilities

SGU Primary Tasks

1- Psychological Guidance: Provide psychological counseling to meet the needs of students facing personal or psychological problems.

2- Social Guidance: Help students adapt and integrate into the academic environment by developing their social skills.

3- Vocational Guidance: Direct students toward job training opportunities and providing them with information about specializations required in the labor market.

4- Preventive Programs: prepare awareness programs to promote mental and physical health and prevent social problems.

SGU Administrative Responsibilities

1- Coordination with Academic Departments: Work with departments to identify students who need additional support or specialized counseling.

2- Preparing Annual Plans: Develop an annual work plan that includes the unit's objectives and services, and prepare periodic performance evaluation reports.

3- Documentation and Record Keeping: Maintain and document the confidential files of students attending the unit, ensuring that information is not disclosed except when necessary and with prior approval from the Deputy Managing Director for Student Affairs.

4- Periodic Program Evaluation: Review and evaluate the effectiveness of unit's programs and services, and develop such based on student needs.

SGU Procedures

Student Reception Procedures

1- Students are received at unit's designated location.

2- Students are directed to the appropriate entity based on their needs; whether academic, psychological, or social.

Academic Guidance Procedures

1- Provide individual and group guidance sessions to help students develop their study plans.

2- Assist students struggling academically to improve their performance by developing designated study plans.

Psychological and Social Guidance Procedures

1- Psychological Assessment: Conduct initial assessments of students' psychological conditions and provide support plans based on the assessment results.

2- Individual Sessions: Allocate individual psychological counseling sessions to address any psychological issues students may face.

3- Communication with Parents: Communicate with parents when needed to ensure follow-up support is provided.

Career Guidance Procedures

1- Provide career advising to students about labor market requirements and assist them in choosing career paths that align with their ambitions and abilities.

2- Organizing workshops on resume preparation and job search skills.

Procedures for Implementing Preventive Programs

1- Health Awareness Workshops: Hold workshops and lectures on disease prevention and psychological stress.

2- Provide Preventive Information: Provide educational resources and materials on mental and physical health topics.

Regulatory Requirements

Information Privacy

SGU is committed to maintain the confidentiality of student information. No personal data may be disclosed without the written consent of the student, or their guardian if the law permits it, or for a legal justification.

Continuous Staff Training

The Royal Commission periodically trains SGU staff on the latest guidance methods to ensure quality services.

Monitoring and Evaluation

1- Annual Reports: Deputy Managing Directorate for Student Affairs prepares an annual report outlining the unit's achievements and the level of student engagement with the services provided. This report is submitted to the Academic Council.

2- Periodic Evaluation: SGU performance is subject to periodic evaluation by Deputy Managing Director for Student Affairs to ensure that specified objectives are met.

General Instructions and Provisions

1- These regulations shall take effect from the date of approval and supersede all previous policies in this regard.
2- The Supreme Council reserves the right to interpret the provisions of these regulations.

Review and Update

The Supreme Council shall review and update the regulations and regulatory procedures as necessary to ensure consistency with academic developments and labor market demands.
